The image shows a page from a historical document, likely a nominal roll, titled "NEW ZEALAND EXPEDITIONARY FORCE" and "38th REINFORCEMENTS NEW ZEALAND FIELD ARTILLERY". The document is a list of personnel with columns for name, rank, and other details. The entry for Donald Alexander is visible, showing his name, rank of Gunner, and other information. The document is a scan of a physical page, and the text is somewhat faded and difficult to read in some places.
